## **SWISS NATIONAL SCIENCE FOUNDATION- MULTILATERAL ACADEMIC PROJECT**

MAPS promotes knowledge circulation by providing cross-border collaboration opportunities with Bulgaria, Croatia, Hungary, Poland and Romania.

MAPS will be implemented through Joint Research Projects that are aimed at promoting collaborative projects with clearly defined goals, involving at least one applicant based in Switzerland and two to five additional applicants from two to five of the participating EU-13 countries. Research is carried out at the respective research facilities involved, while reciprocal visits and short stays may also be supported.

The maximum amount of funding for each team in each country is 350,000 francs for four years.

The JRPs have a duration of between 36 and 48 months. The call for proposals will be open to all research areas.

The call is scheduled to open in early 2024

## INNOVATION LAB

Objectives: Within the specific objective of promoting policy cooperation and innovative actions supporting all strands of the Programme, promoting a diverse, independent and pluralistic media environment and media literacy, thereby foresting freedom of artistic expression, intercultural dialogue and social inclusion, the priorities of the crosssectoral strand shall include: - to encourage innovative approaches to content creation, access, distribution, and promotion across cultural and creative sectors and with other sectors, including by taking into account the digital transition, covering both market and non-market dimensions;

Themes and priorities (scope):

The Cross Sectoral strand shall support the ‘creative innovation lab’, which shall:

- (a) encourage new forms of creation at the crossroads between different cultural and creative sectors, for example through experimental approaches and the use of innovative technologies;
- (b) foster innovative cross-sectoral approaches and tools which shall, where possible, encompass multilingual and social dimensions to facilitate the distribution, promotion and monetisation of, and access to, culture and creativity, including cultural heritage.

The Creative Innovation Lab shall incentivise players from different cultural and creative sectors, including audiovisual, to design and test innovative solutions for key challenges, with a potential positive long-term impact on multiple cultural and creative sectors.

Project duration maximum 24 months.

Funding rate: 70%

Deadline for submission: 25 April 2024 – 17:00:00 CET

## COST- EUROPEAN COOPERATION IN SCIENCE & TECHNOLOGY

COST funds interdisciplinary research networks.

The funding a COST Action receives covers the expenses of networking activities rather than research. As such is used to organise and fund events, Short-term Scientific Missions, Training Schools, communication activities, and virtual networking tools. An estimated **€125,000** is made available for a COST Action **in its first year** and an average of **€150,000 per year for the other 3 years**.

Deadline: **23. October 2024.**

Participation in COST Actions has led to significant results and follow-up in terms of the number of proposals submitted for collaborative research in Framework Programmes, with a success rate which more than triple the average success rates for these programmes (**37% success rate**). By funding networking, COST acts as a pre-portal for further research and innovation funding such as Horizon Europe, the European Union’s Framework Programme for Research and Innovation.

You can join ongoing COST Action as well.

### **EUREKA- WESTERN BALKANS CALL FOR PROJECT 2024**

The national funding bodies from Hungary, Albania, Austria, France, Montenegro, Serbia and Türkiye have allocated funding for organisations collaborating on international R&D projects.

The call is bottom-up call, it does not include thematic restrictions.

The project consortium must include organisations based in a minimum of two of the countries listed and must include at least one partner from the participating Western Balkan countries. Moreover, partners from other Eureka countries or countries outside of Eureka's network can also participate, provided their public funding or self-funding is secured within the call for projects deadlines.

Application deadline: **15 May 2024**

## WORLDWIDE CANCER RESEARCH

The goal is to support research that seeks to answer the difficult questions in cancer biology. WCR is looking for innovative and truly novel ideas that have the potential to revolutionise our understanding of cancer and how to beat it.

They award project grants of 12 to 36 months in length to support basic, fundamental or translational research into the prevention, diagnosis or treatment of cancer. They do not prioritise any field of research within this;

Welcome research that draws on epidemiological, behavioural and clinical data to provide a starting point for a new avenue of research. Multidisciplinary or discipline-hopping projects are encouraged where this helps stimulate innovation.

The principal investigator on the application must be a suitably qualified researcher (minimum of PhD followed by three years research experience, or equivalent qualification or research experience).

The WCR awards grants to principal investigators based at any not-for-profit research institute in the world.

The maximum budget allowed is £275,000, but it should be noted that most of the three-year grants we award have a budget of around £200,000.

The 2024 Grant Round is now open. The submission period will open on the 29th February, and the deadline for submitting your application is **5pm on April 2nd 2024**.

## **FEBS-FELLOWSHIPS**

The FEBS Fellowships programme is a highly competitive and respected programme for early-stage researchers. Most of its schemes over the years have supported graduate students and early-career researchers in the molecular life sciences in the FEBS area to move to and carry out a period of research in a lab in a different FEBS country, thus broadening their experience and training, giving access to additional research techniques and expertise, and facilitating international collaboration.

Types of FEBS fellowships:

- **Short-Term Fellowships** are for scientists who have obtained their PhD degree within the past six years, and PhD students who have at least one published paper as a main author in an international scientific journal. Applications may be made at any time, but an application should be submitted **at least three months before the proposed starting date**
- **Summer Fellowships** are for PhD students and Master's students. Apply by **1 April each year** (the call normally opens in February).
- **Collaborative Developmental Scholarships** are for PhD students or early/mid-career PhD holders in certain disadvantaged FEBS countries. Applications may be made at any time, but an application should be submitted **at least three months before the proposed starting date**.

Further information: <https://www.febs.org/funding/fellowships/>

## WISEGRAD SCHOLARSHIP PROGRAM

Visegrad Scholarships facilitate academic exchanges by providing financial support to scholars who are citizens of V4 countries.

3 types:

- Intra-Visegrad Scholarships
- Out-Going Scholarships
- In-Coming Scholarships

deadline: 15. April 2024 11:59 (noon)

further information: [Visegrad Scholarship Program](#)

## WISEGRAD FELLOWSHIP PROGRAM

The fellowships are provided for a limited period ranging from 2 to 10 weeks during which the respective fellow is to conduct (or participate in) a concrete research project, hold lecture(s) or seminars at a higher-education level, or study or review specific sets of written or other materials available in a public archive or library

Fellows must be **doctoral students** or hold a **doctoral degree**

deadline: 30. June, 30 November 2024

further information: <https://www.visegradfund.org/apply/mobilities/visegrad-fellowships/>

## ETH ZURICH POSTDOCTORAL FELLOWSHIP

The ETH Zurich Postdoctoral Fellowship program (ETH Fellows) supports incoming postdoctoral researchers at ETH Zurich. The program is intended to **foster young researchers** who have already **demonstrated scientific excellence in the early stages of their careers**.

Submission deadlines are **1 September** at 17:00 Swiss local time each year.

Further information: [ETH Zürich fellowship](#)

## **HUMBOLDT RESEARCH FELLOWSHIP FOR POSTDOCTORAL AND EXPERIENCED RESEARCHER**

The Humboldt Research Fellowship enables the postdoctoral and experienced researcher to conduct their own research at various stages of their career in collaboration with a host at a German research institution of their choice.

Duration: 6-24 months (for postdoc); 6-18 months (for experienced researchers)

deadline: continuously – selection committee meets every March, June, November

success rate: 20-25%

Further information: [Humboldt Research fellowship](#)

## **FRIEDRICH WILHELM BESSEL RESEARCH AWARD**

Award winners are also invited to conduct a research project of their choice at a research institution in Germany in cooperation with specialist colleagues there. The award enables a total stay of between 6 months and a full year, which can be split into multiple stays

Nominations for a Friedrich Wilhelm Bessel Research Award may be initiated by established researchers at research institutions in Germany.

Winners from previous years: [Friedrich Wilhelm Bessel research award-winners](#)

deadline: continuously – selection committee meets twice a year in March and October

The award amount is €45,000.

success rate: 35%

## **HUMBOLDT RESEARCH AWARD**

The award amount is €60,000. Award winners are also invited to conduct a research project of their choice at a research institution in Germany in cooperation with specialist colleagues there. The award enables a total stay of between 6 months and a full year, which can be split into multiple stays.

Eligible for nomination are researchers whose fundamental discoveries, new theories or findings have had a lasting effect on their discipline beyond their immediate research area and who are expected, moreover, to continue producing outstanding research in the future.

The award amount is €60,000.

deadline: continuously – selection committee meets twice a year in March and October

success rate: 35%

## **EMBO- SCIENTIFIC EXCHANGE GRANT**

Supporting international collaborations, enabling transfer of expertise. EMBO Scientific Exchange Grants are awarded for research exchanges between laboratories in EMBC Member States, Associated Member States or Cooperation Partners. The grants are not awarded for exchanges between two laboratories within the same country.

The grants are intended for visits of one week (7 days) up to three months (90 days).

Applicants must be active researchers at any stage in their career with a minimum of one year of research experience at the PhD student level, or equivalent at the time of application.

Deadline:

There are no deadlines for applications and awards are being made throughout the year. A decision is usually made within two to four months from submission of a complete application

Further information: [EMBO scientific exchange](#)

## **FUNDING FOR ORGANISATION OF CONFERENCES, MEETINGS**

### **LORENTZ CENTRE- FUNDING FOR ORGANISATION OF WORKSHOPS**

Any researcher or group of researchers can apply for organizing a workshop at the Lorentz Centre.

deadlines: 30 May and 30 September. Workshops will be planned in the period 8-15 months after the deadline.

Further information on the application process: <https://www.lorentzcenter.nl/organize-a-workshop.html>

### **EMBO- FUNDING FOR ORGANISATION OF WORKSHOPS, TRAINING**

Funding for meetings that stimulate exchanges of the latest scientific knowledge

EMBO Workshops must take place in an EMBC Member State, an EMBC Associate Member State. Hungary is [EMBO Member States](#)

Organizers can be of any nationality and be based in any country of the world.

EMBO Workshops must cover a topic from the life sciences, and organizers must provide a convincing justification that the workshop serves an active and evolving community. Furthermore, the application should include a list of (mostly) confirmed speakers.

Next deadlines: 1 August 2024 12:00 (noon)

## **CALLS FOR EXTERNAL EXPERTS**

### **COST- CALL FOR COST EXTERNAL EXPERT**

Experts are invited from all scientific areas to participate in the evaluation of proposals for COST Actions collected once a year through the COST Open Call.

further information: <https://www.cost.eu/cost-actions-event/become-an-external-expert/>

### **WORKING AS AN EXPERT IN HORIZON EUROPE**

Experts have a **high level of skills, experience and knowledge in the relevant area**, including project management, innovation, exploitation, dissemination and communication. Where relevant, **inter-disciplinary experts**, those with expertise in appropriate disciplines of the social sciences and humanities.

**Experts are regularly rotated** by ensuring that individual experts do not work more than 200 days activities within consecutive 4 calendar years

**Remuneration:** As an expert, you will normally receive EUR 450 for each full day worked. However for remote evaluation and ethics review, we have developed a new simplified methodology to calculate the amounts, please see details in the [contracting & payment](#) section. Your travel and subsistence costs will be refunded.

## NEWS

### ERC President explains changes in evaluation process of ERC grant proposals

The Scientific Council of the ERC introduced changes in the evaluation processes and evaluation forms for the 2024 calls for research proposals. In a report, ERC President Maria Leptin gives an overview of the changes, the discussions that led to them, and the reasoning behind them.

The report can be downloaded here:

[Evaluation of research proposals: The why and what of the ERC's recent changes](#)

### SOUTH KOREA TO JOIN HORIZON EUROPE

On 25 March the EU and Korea concluded negotiations on Korea's association to Horizon Europe. The signing of the Association Agreement is expected to take place in the second half of 2024, pending the completion of all necessary ratification procedures on both sides. This will enable Korea's participation in Horizon Europe as of 2025. Once signed, researchers and organisations in Korea will be able to receive funding under Pillar II of the Horizon from 2025 onwards.

further information: <https://era.gv.at/news-items/korea-to-join-horizon-europe/>

### CANADIAN RESEARCHERS CAN CONTINUE TO PARTICIPATE IN ERC TEAMS

Researchers from Canada will continue to be able to join the teams of ERC grantees under a new agreement signed in Brussels during the R&I Days. A new 'implementing arrangement' was signed by the European Commission and the Canadian Tri-agency Institutional Programs Secretariat (TIPS) on 21 March.

Thanks to the new agreement, researchers supported by the Canada's Social Sciences and Humanities Research Council (SSHRC), the Natural Sciences and Engineering Research Council (NSERC) and the Canadian Institutes of Health Research, will be able to temporarily join research teams of ERC grantees. The agreement provides opportunities for Canada Research Chairholders and the Banting Postdoctoral Fellows to pursue research collaborations with their ERC-funded partners.

The parties acknowledged the constructive cooperation so far under a similar implementing arrangement signed by them on 27 October 2016 and they intend to work together to further intensify their cooperation in the context of the new agreement.

## SWISS ENTITIES CAN NOW APPLY TO ERC'S 2024 CALLS

On 18 March 2024, the EC announced that the EU and Switzerland have officially launched their negotiations on a broad package of bilateral measures. These comprise official negotiations between the EU and Switzerland on Union programmes, which include the Horizon Europe and EURATOM Research & Training programmes.

The launch of these negotiations enables Swiss entities to apply and be evaluated **as prospective beneficiaries in the European Research Council calls of its 2024 Work Programme opening as of now. Swiss applicants will be treated as if Switzerland is an Associated Country throughout the process**, from admissibility and eligibility to evaluation, up until the preparation of grant agreements. However, grant agreements can only be signed if the association applies at that time.

### UnILiON Brokerage Event under the Climate, Energy and Mobility Calls on Cluster 5 Calls,

The **UnILiON Brokerage Event will be organised under the Climate, Energy and Mobility Calls on Cluster 5 Calls**, that will take place **online on Monday, 15/04 at 9:30 am CET**. This event is organised by Brussels liaison offices from the UnILiON network. [UnILiON](#) is an informal network of around 54 Brussels-based liaison offices that represent over 160 universities across Europe, as well as in UK, Japan, and Norway.

The aim of the event is to build a platform for everyone, bring you together to share your ideas, knowledge, and expertise and to find suitable partners for future consortia under the specific Horizon Europe calls in Cluster 5, with a particular focus on Destinations 2 and 6. Researchers, businesses, and other organisations are invited to pitch their project ideas or activities, related to the specific Horizon Europe Cluster 5 calls.

Should you be interested in participating in the event, please register [here](#).
