## MSCA STAFF EXCHANGES

### Objective of Staff Exchanges

The Staff Exchanges action funds short-term international and inter-sectoral exchanges of staff members involved in research and innovation activities of participating organisations. The aim is to develop sustainable collaborative projects between different organisations from the academic and non-academic sectors (in particular SMEs), based in Europe and beyond.

Exchanged staff benefit from new knowledge, skills and career development perspectives, while participating organisations increase their research and innovation capacities.

### Who can apply for Staff Exchanges?

Staff Exchanges are open to international consortia of universities, research institutions, businesses, SMEs and other non-academic organisations. They need to include

- at least three organisations in three different countries, two of which need to be located in a different EU Member State or Horizon Europe Associated Country
- above this minimum, the participation of organisations from any country is possible
- if all participating organisations are from the same sector (academic or non-academic), at least one must be from a non-associated Third Country

Individual staff members are selected by their sending organisations to take part in the planned exchanges.

### What does the funding cover?

Staff Exchanges projects can last up to four years. The grant funds the mobility of seconded staff members from one month to one year. Staff involved should return to their sending organisations after the secondment, to pass on their knowledge.

Staff exchanges between organisations in EU Member States or Horizon Europe Associated Countries are required to be between different sectors (academic or non-academic), except if they

are interdisciplinary. For partnerships with non-associated Third Countries, exchanges within the same sector and the same discipline are allowed.

Staff funded by Staff Exchanges

- can be researchers at any career stage, from PhD candidates to postdoctoral researchers, as well as administrative, technical or managerial staff involved in research and innovation activities
- can be of any nationality
- must be engaged in, or linked to, research and innovation activities at their sending organisation for at least one month prior to the secondment
- should return to their sending organisation after the secondment, to pass on their knowledge and foster collaboration

Seconded staff receives

- a top-up allowance (for travel, accommodation, subsistence costs), which is on top of the salary paid by their organisation
- a special needs allowance, if applicable

In addition, funding is provided for

- research, training and networking activities
- management and indirect costs

**Launch of the call for proposals: 19 September 2024**

**Deadline for applicants to submit proposals: 5 February 2025**

## **MSCA DOCTORAL NETWORKS**

The objective of Doctoral Networks is to implement doctoral programmes by partnerships of organisations from different sectors across Europe and beyond to train highly skilled doctoral candidates, stimulate their creativity, enhance their innovation capacities and boost their employability in the long-term.

Doctoral Networks implement doctoral programmes, by partnerships of universities, research institutions and infrastructures, businesses including SMEs, and other socio-economic actors from different countries across Europe and beyond. These doctoral programmes will respond to well-identified needs in various research and innovation areas, expose the researchers to the academic and non-academic sectors, and offer research training, as well as transferable skills and competences relevant for innovation and long-term employability.

Besides standard Doctoral Networks, incentives have been introduced to promote two specific types of doctorates as well.

1. Industrial Doctorates. They train PhD candidates who wish develop their skills and step outside academia, in particular in industry and business. Individual participants must be enrolled in a doctoral programme and jointly supervised by the academic and non-academic partners.
2. Joint Doctorates. They provide a highly integrated type of international, inter-sectoral and interdisciplinary collaboration in doctoral training leading to a joint doctoral degree or multiple doctoral degrees awarded by the participating institutions. PhD candidates must be enrolled in a joint programme and be jointly supervised.

Doctoral Networks are open to international consortia of universities, research institutions, businesses, SMEs and other non-academic organisations. They should include

- at least three independent legal entities, each established in a different EU Member State or Horizon Europe Associated Country and with at least one of them established in an EU Member State
- on top of this minimum, other organisations from any country in the world can also join
- specific conditions apply to Industrial and Joint Doctorates

As from 2022, resubmission restrictions will apply for applications that received a score below 80% the previous year.

Candidates wishing to apply for PhD positions under Doctoral Networks should apply to funded Doctoral Network projects by consulting their open vacancies advertised internationally, including on the EURAXESS portal.

The 2024 call is now open. **The call will close on 27 November 2024.**

## **HORIZON-WIDERA-2024-TALENTS-03-01: ERA TALENTS**

The expected outcome is : The ERA Talents action aims to boost interoperability of careers in the academic and non-academic sectors and improve employability of R&I talents across sectors.

- The secondment may be split into several stays with one or several participating organisations, but cannot exceed 24months in total for the same staff member;
- There is no minimum duration of stay for the secondment;
- Open to researchers, innovators and other research and innovation talents (i.e. administrative, managerial and technical staff supporting R&I activities in their organisations) from any career stage
- The Coordinator of the consortium must come from a widening country. The consortium must include a minimum of 3 entities, 2 of which established in a widening country.

EU contribution per project	1-3 million EUR
indicative budget	40 million EUR
number of projects expected to be funded	20
<b>deadline</b>	<b>26. September 2024.</b>

## AZ EUREKA PROGRAMBAN VALÓ MAGYAR RÉSZVÉTEL TÁMOGATÁSA 2024-1.2.6-EUREKA

A Nemzeti Kutatási, Fejlesztési és Innovációs Alapból meghirdetett felhívás célja a vállalkozói szféra, különösen a kis- és középvállalkozások nemzetközi kutatás-fejlesztési együttműködését elősegítő EUREKA programban való magyar részvétel támogatása, illetve ezen keresztül a magyar vállalatok piacképességének növelése,

- a magyar szerepvállalás erősítése nemzetközi szinten,
- a kutatói és vállalkozói szféra K+F együttműködésének ösztönzése innovatív piac-közeli projektek támogatásával, amely révén prototípus vagy új termék, technológia, szolgáltatás fejlesztésére kerül sor,
- nemzetközi K+F projektekből való részvétel hazai hasznosulásának elősegítése.

A támogatási kérelmek (elektronikus) benyújtása a kitöltő program élesítésétől 2024. szeptember 16. 16 óráig lehetséges, figyelemmel arra, hogy a Nyugat-Balkán felhívás keretében pályázók számára a benyújtási határidő 2024. június 21. 12 óra

A pályázók köre: **A hazai pályázat benyújtására csak olyan pályázó jogosult, amely az EUREKA Titkárság adatbázisában vagy az EUREKA klaszterek nyilvántartásában szereplő angol nyelvű és a nemzetközi konzorcium által benyújtott EUREKA projektjavaslatban vagy jóváhagyott projektben partnerként/konzorcium vezetőként szerepel**, amelyet a magyar EUREKA Nemzeti Projekt Koordinátor igazol. A hazai támogatásra az egyazon nemzetközi EUREKA projektben részt vevő magyar partnereknek konzorciumot alkotva kell pályázniuk.

A támogatható célkitűzések köre:

- önállóan támogatható tevékenység: alkalmazott (ipari) kutatás, kísérleti fejlesztés.
- önállóan nem támogatható: a projekt nyilvánosságával, koordinációjával, piacra jutásával, iparjogvédelmével, utazással kapcsolatos tevékenységek, eszközbeszerzés, immateriális javak beszerzése.

A felhívás keretösszege 450 millió Ft.

A projektenként igényelhető támogatás összege: 20 – 70 millió Ft.

## ERASMUS+ / PARTNERSÉGI EGYÜTTMŰKÖDÉSEK A FELSŐOKTATÁS TERÜLETÉN KA220-HED (Cooperation partnership)

Az együttműködést célzó partnerségek keretében a résztvevő intézmények nemzetközi együttműködések terén szerezhetnek tapasztalatot, erősíthetik kapacitásukat és magas minőségű innovatív módszereket valósíthatnak meg.

Az együttműködési partnerségek pályázattípus elsődleges célja, hogy lehetőséget adjon az intézmények számára tevékenységük minőségének és relevanciájának növeléséhez, partnerségeik fejlesztéséhez és megerősítéséhez, nemzetközi szinten való működésükhöz szükséges kapacitás

növeléséhez, valamint jó gyakorlatok fejlesztéséhez és megosztásához. Az intézmények számára szakmai megújulást is jelenthet, és lehetőséget ad szektorok közti együttműködések kialakítására.

### **Pályázati feltételek**

- Minimum három különböző, ún. programországból származó szervezet együttműködése szükséges.
- A pályázatot konzorciumi formában kell benyújtani a partnerség koordinátorának országában, a konzorciumvezető székhelye szerint illetékes Nemzeti Irodához.
- A partnerintézményeket a pályázati szakaszban regisztrálni kell és a pályázatban meg kell nevezni.
- Egy intézmény több pályázatot is benyújthat.
- Felhívásonként azonos összetételű konzorcium csak egy pályázatot nyújthat be, egyetlen Nemzeti Irodához.
- A projektek futamideje 12 és 36 hónap között lehet.

### **Prioritások**

A horizontális és felsőoktatásra meghatározott prioritások közül legalább egy prioritáshoz való kapcsolódás szükséges a pályázatban.

Horizontális prioritások:

- Befogadás és sokszínűség az oktatás, a képzés, az ifjúság és a sport minden területén
- Környezetvédelem és az éghajlatváltozás elleni küzdelem
- A digitális átállás kezelése a digitális felkészültség, reziliencia és kapacitás fejlesztésén keresztül
- Közös értékek, polgári szerepvállalás és részvétel

Prioritások a felsőoktatás területén:

- Az összekapcsolt felsőoktatási rendszerek előmozdítása
- Innovatív tanulási és tanítási gyakorlatok ösztönzése
- STEAM-megközelítés kidolgozása a felsőoktatásban, valamint a nők részvételének előmozdítása a STEM-ben
- A tanulás, a tanítás és a készségfejlesztés terén elért kiválóság jutalmazása
- Befogadó felsőoktatási rendszerek kialakítása
- A felsőoktatási ágazat digitális és zöld kapacitásainak támogatása

A támogatás mértéke

Ebben a pályázattípusban egyösszegű átalánytámogatás igényelhető, amelynek mértéke 120 000, 250 000 vagy 400 000 euró lehet. A támogatás mértékét a tervezett tevékenységekkel és az elérti kívánt eredményekkel összhangban kell meghatározni. Támogatás igényelhető például a következő tevékenységekre: projektmenedzsment és megvalósítás, nemzetközi projekttalálkozók, projekteredmények létrehozása, közös tanulási alkalmak, multiplikációs rendezvények. A tervezett pályázati keret a 2024. október 1-i pályázati fordulóban 1 600 000 euró.

**Beadási határidő: 2024. október 1. déli 12:00 óra (közép-európai idő szerint)**

Pályázati információs rendezvény: 2024. augusztus 28. (részletek hamarosan a pályázati kiírás honlapján)

## JOHN TEMPLETON FOUNDATION

The Foundation offers grants in support of research and public engagement in our major Funding Areas. We invest in bold ideas from contrarian thinkers — ideas that cross disciplinary boundaries and challenge conventional assumptions. And we fund innovative programs that engage the public with these ideas, in an effort to open minds, deepen understanding, and inspire curiosity.

Funding areas:

- Character virtue development
- Religion, science and society
- Mathematical and physical sciences
- Life sciences
- Individual freedom and free markets
- Public engagement

The Foundation has made grants to organizations from around the world.

The grant duration is often up to three years. In rare instances the Foundation may support a project for up to five years. The Foundation will not fund any project for more than five years.

The Foundation invites you to submit your project idea through an Online Funding Inquiry (OFI). Although you can complete and submit an OFI at any point during the year, the Foundation reviews all funding requests (both stage 1 OFIs and stage 2 Full Proposals) according to specific dates and deadlines outlined in our grantmaking calendar below.

**OFI Deadline August 16, 2024**

OFI Decision By October 11, 2024

FP Deadline January 17, 2025

Co-funded by the European Union

## COST- EUROPEAN COOPERATION IN SCIENCE & TECHNOLOGY

COST funds interdisciplinary research networks.

The funding a COST Action receives covers the expenses of networking activities rather than research. As such is used to organise and fund events, Short-term Scientific Missions, Training Schools, communication activities, and virtual networking tools. An estimated **€125,000** is made available for a COST Action **in its first year** and an average of **€150,000 per year for the other 3 years**.

Deadline: **23. October 2024**.

Participation in COST Actions has led to significant results and follow-up in terms of the number of proposals submitted for collaborative research in Framework Programmes, with a success rate which more than triple the average success rates for these programmes (**37% success rate**). By funding networking, COST acts as a pre-portal for further research and innovation funding such as Horizon Europe, the European Union's Framework Programme for Research and Innovation.

You can join ongoing COST Action as well.

## **LIFE PROGRAM**

The LIFE Calls for proposals 2024 have been published on the [Funding & tender opportunities portal](#) on 18 April 2024.

Subprograms:

The **Nature and Biodiversity** sub-programme will aim at the protection and restoration of Europe's nature and halting and reversing biodiversity loss. Thus, the LIFE Nature and Biodiversity sub-programme will continue to fund nature conservation projects, in particular in the areas of biodiversity, habitats and species. It will support projects that contribute to the implementation of the EU [Birds](#) and [Habitats](#) directives, and in particular the development and management of the [Natura 2000 network](#), and the [IAS Regulation](#), and will support achieving the objectives of the [EU's biodiversity strategy for 2030](#), part of the [EU Green Deal](#).

The **Circular economy and quality of life** sub-programme aims at facilitating the transition toward a sustainable, circular, toxic-free, energy-efficient and climate-resilient economy and at

protecting, restoring and improving the quality of the environment, either through direct interventions or by supporting the integration of those objectives in other policies.

The **Climate Change Mitigation and Adaptation** sub-programme will contribute to the shift towards a sustainable, energy-efficient, renewable energy-based, climate-neutral and resilient economy, thereby contributing to sustainable development.

Building on the success of the Intelligent Energy Europe (2003-2013) and Horizon 2020 Energy Efficiency (2014-2020) programmes, the LIFE Clean Energy Transition sub-programme continues to support the delivery of EU policies in the field of sustainable energy, in particular, the European Green Deal, the Energy Union (2030 energy and climate targets) and the European Union's 2050 long-term decarbonisation strategy.

Cél: az EU Horizont 2020 kutatási és innovációs keretprogram által társfinanszírozott és az NKFI Hivatal részvételével zajló ERA-NET COFUND, illetve European Joint Programme COFUND (EJP COFUND) programok, illetve ezen programok működési mechanizmusát követő egyéb multilaterális programok közös nemzetközi pályázati felhívásaiban sikeresen szereplő magyar szervezetek számára a hazai finanszírozási keretet biztosítsa.

A pályázonként igényelhető támogatás a nemzetközi bírálaton elnyert támogatás összegét nem haladhatja meg.

Alprogramok és a rendelkezésre álló éves keretek összege:

- CHIST-ERA IV: 231 300 000 forint (600 000 EUR)
- EJP SOIL: 115 650 000 forint (300 000 EUR)
- FLAG-ERA II: 231 300 000 forint (600 000 EUR)
- QuantERA: 173 475 000 forint (450 000 EUR)
- M-ERA.NET 3: 115 650 000 forint (300 000 EUR)
- EJP RD: 115 650 000 forint (300 000 EUR)
- JPI AMR-ACTION: 115 650 000 forint (300 000 EUR)
- FOOSC ERA-NET: 77 100 000 forint (200 000 EUR)
- ICT-AGRI-FOOD ERA-NET: 77 100 000 forint (200 000 EUR)
- TRANSCAN3: 115 650 000 forint (300 000 EUR)
- JPCofuND: 115 650 000 forint (300 000 EUR)
- NEURON ERA-NET: 115 650 000 forint (300 000 EUR)
- EIG CONCERT Japan: 115 650 000 forint (300 000 EUR)
- V4-Japan: 154 200 000 forint (400 000 EUR)

A fenti források az egyes alprogramok között átcsoportosíthatóak, figyelemmel a benyújtott támogatási kérelmek nemzetközi elbírálás során megítélt összegére.

Beadási határidők: 2024. június 25. és szeptember 30; 2025. január 31., április 30., június 30 és szeptember 30. 16 óra.

A támogatási kérelem benyújtására csak olyan pályázó jogosult, aki:

- a mindenkori európai partnerség értékelési rendszere alapján előzetesen támogatásra javasolt közös nemzetközi projekt konzorciumának magyar tagja, vagy
- a mindenkori európai partnerség értékelési rendszere alapján támogatásra javasolt közös nemzetközi projekt konzorciumához utólagosan csatlakozó magyar résztvevő.

## FELLOWSHIPS/SCHOLARSHIPS

### MSCA POSTDOCTORAL FELLOWSHIPS

Postdoctoral Fellowships helps experienced researchers acquire new skills, develop their careers, and gain international, interdisciplinary, and inter-sectoral experience by working abroad. These prestigious fellowships are a stepping stone in researchers' careers, allowing them to carry out cutting-edge research and to cooperate with leading scientific teams and figures.

There are 2 types of Postdoctoral Fellowships:

1. European Postdoctoral Fellowships. They are open to researchers moving within Europe or coming to Europe from another part of the world to pursue their research career.

These fellowships take place in an EU Member State or Horizon Europe Associated Country and can last between 1 and 2 years. Researchers of any nationality can apply.

2. Global Postdoctoral Fellowships. They fund the mobility of researchers outside Europe. The fellowship lasts between 2 to 3 years, of which the first 1 to 2 years will be spent in a non-associated Third Country, followed by a mandatory return phase of 1 year to an organisation based in an EU Member State or Horizon Europe Associated Country. Only nationals or long-term residents of the EU Member States or Horizon Europe Associated Countries can apply.

Both types of fellowships may also include short-term secondments anywhere in the world during the fellowship (except during the return phase of a Global Fellowship).

In an effort to build bridges between the academic and non-academic sector, researchers can receive additional support to carry out a placement of up to 6 months in a non-academic organisation based in an EU Member State or Horizon Europe Associated Country. This placement needs to take place at the end of their fellowship.

Interested researchers submit an application together with a host organisation, which can be a university, research institution, business, SME or other organisation based in an EU Member State or Horizon Europe Associated Country. All disciplines are eligible for Postdoctoral Fellowships, including research areas covered by the Euratom Research and Training Programme.

The call closes on **11 September 2024**.

## **MSCA4UKRAINE**

The MSCA will also dedicate an additional €10 million to support displaced researchers from Ukraine through MSCA4Ukraine. Since 2023, the scheme has allowed 125 displaced researchers from Ukraine to train and work in 21 countries.

The extra budget will enable around 50 more new fellows, including doctoral candidates and postdoctoral researchers, to continue their work safely in academia, businesses, research centres and public institutions based in the EU and countries associated to Horizon Europe.

**The MSCA4Ukraine call will open in August 2024.** Interested host organisations and researchers will be able to access the call documents and apply directly via the MSCA4Ukraine website.

The scheme includes specific support for organisations, allowing them to host researchers for a period between eight months and two years and give them

- training
- skills and career development opportunities
- excellent employment conditions
- supervision

The scheme will provide family allowances to help selected researchers with family responsibilities, and a special needs allowance to support those with disabilities and facilitate their participation.

**5 August 2024:** Online portal open for submission of applications. Access link will be provided at <https://sareurope.eu/msca4ukraine/information-for-applicants/>. Additional Q&A webinar(s) for potential applicants will be organised.

**5 September 2024:** The online portal will close and no further application submissions will be accepted.

## DEUTSCHE BUNDESSTIFTUNG UMWELT FELLOWSHIP

Goals:

- Further qualification of university graduates from all disciplines on topics relevant to the environment
- Knowledge transfer in science, administration and practice
- international networking between environmental experts from all disciplines

Requirements:

- **Master's/Master's/Diploma degree completed with above-average grades no more than five years ago**
- all specialties are admitted
- Nationality and residence in one of the above CEE countries
- Proposal for an environmentally relevant and practical topic; see FAQs for outline.
- Sufficient knowledge of German; must be proven to the host institution at the beginning of the stay.
- **Doctoral students can apply as long as the doctoral project is not completed until after the fellowship has been funded**

Services:

- up to 56 fellowships annually.
- Funding period: 6-12 months
- monthly fellowship: 1.350 €
- Health, accident and liability insurance
- Intensive German course in Osnabrück lasting several weeks before the stay at the host institution

**Application deadline annually on 5. September and 5. March**

## FEBS-FELLOWSHIPS

The FEBS Fellowships programme is a highly competitive and respected programme for early-stage researchers. Most of its schemes over the years have supported graduate students and early-career researchers in the molecular life sciences in the FEBS area to move to and carry out a period of research in a lab in a different FEBS country, thus broadening their experience and training, giving access to additional research techniques and expertise, and facilitating international collaboration.

Types of FEBS fellowships:

- **Short-Term Fellowships** are for scientists who have obtained their PhD degree within the past six years, and PhD students who have at least one published paper as a main author in an international scientific journal. Applications may be made at any time, but an application should be submitted **at least three months before the proposed starting date**
- **Summer Fellowships** are for PhD students and Master's students. Apply by **1 April each year** (the call normally opens in February).
- **Collaborative Developmental Scholarships** are for PhD students or early/mid-career PhD holders in certain disadvantaged FEBS countries. Applications may be made at any time, but an application should be submitted **at least three months before the proposed starting date**.

Further information: <https://www.febs.org/funding/fellowships/>

## WISEGRAD FELLOWSHIP PROGRAM

The fellowships are provided for a limited period ranging from 2 to 10 weeks during which the respective fellow is to conduct (or participate in) a concrete research project, hold lecture(s) or seminars at a higher-education level, or study or review specific sets of written or other materials available in a public archive or library

Fellows must be **doctoral students** or hold a **doctoral degree**

deadline: 30 November 2024, 30. June 2025

## **ETH ZURICH POSTDOCTORAL FELLOWSHIP**

The ETH Zurich Postdoctoral Fellowship program (ETH Fellows) supports incoming postdoctoral researchers at ETH Zurich. The program is intended to **foster young researchers** who have already **demonstrated scientific excellence in the early stages of their careers**.

Submission deadlines are **1 September** at 17:00 Swiss local time each year.

Further information: [ETH Zürich fellowship](#)

## **HUMBOLDT RESEARCH FELLOWSHIP FOR POSTDOCTORAL AND EXPERIENCED RESEARCHER**

The Humboldt Research Fellowship enables the postdoctoral and experienced researcher to conduct their own research at various stages of their career in collaboration with a host at a German research institution of their choice.

Duration: 6-24 months (for postdoc); 6-18 months (for experienced researchers)

deadline: continuously – selection committee meets every march, June, November

success rate: 20-25%

Further information: [Humboldt Research fellowship](#)

## **FRIEDRICH WILHELM BESSEL RESEARCH AWARD**

Award winners are also invited to conduct a research project of their choice at a research institution in Germany in cooperation with specialist colleagues there. The award enables a total stay of between 6 months and a full year, which can be split into multiple stays

Nominations for a Friedrich Wilhelm Bessel Research Award may be initiated by established researchers at research institutions in Germany.

## **HUMBOLDT RESEARCH AWARD**

The award amount is €60,000. Award winners are also invited to conduct a research project of their choice at a research institution in Germany in cooperation with specialist colleagues there. The award enables a total stay of between 6 months and a full year, which can be split into multiple stays.

Eligible for nomination are researchers whose fundamental discoveries, new theories or findings have had a lasting effect on their discipline beyond their immediate research area and who are expected, moreover, to continue producing outstanding research in the future.

The award amount is €60,000.

deadline: continuously – selection committee meets twice a year in March and October

success rate: 35%

## **EMBO- SCIENTIFIC EXCHANGE GRANT**

Supporting international collaborations, enabling transfer of expertise. EMBO Scientific Exchange Grants are awarded for research exchanges between laboratories in EMBC Member States, Associated Member States or Cooperation Partners. The grants are not awarded for exchanges between two laboratories within the same country.

The grants are intended for visits of one week (7 days) up to three months (90 days).

Applicants must be active researchers at any stage in their career with a minimum of one year of research experience at the PhD student level, or equivalent at the time of application.

Deadline:

There are no deadlines for applications and awards are being made throughout the year. A decision is usually made within two to four months from submission of a complete application

## **CALLS FOR EXTERNAL EXPERTS**

### **COMMISSION CALL FOR APPLICATION FOR THE TECHNOLOGY COUNCIL FOR ADVANCED MATERIALS**

The Technology Council for Advanced Materials is a high-level group with representatives from the EU Member States, academia, industry, and other key players in research and innovation. It will foster dialogue and collaboration to strengthen Europe's advanced materials sector.

The Technology Council will identify strategic goals and investment priorities for relevant research and innovation. It will align efforts at the European, national, and regional levels and outline initiatives to accelerate the deployment of advanced materials. This coordinated approach supports Europe's ambitions for competitiveness, digital transformation, circular economy, resource efficiency, and sustainability.

The Technology Council will explore synergies across various domains, including a digital infrastructure for advanced materials research and innovation, capital investment and access to finance, standardisation, intellectual property and skills development.

Interested candidates may apply via this online [form](#).

**Deadline for applications** to be submitted by **9 September 2024** at the latest.

### **COST- CALL FOR COST EXTERNAL EXPERT**

Experts are invited from all scientific areas to participate in the evaluation of proposals for COST Actions collected once a year through the COST Open Call.

further information: <https://www.cost.eu/cost-actions-event/become-an-external-expert/>

### **WORKING AS AN EXPERT IN HORIZON EUROPE**

Experts have a **high level of skills, experience and knowledge in the relevant area**, including project management, innovation, exploitation, dissemination and communication. Where relevant, **inter-disciplinary experts**, those with expertise in appropriate disciplines of the social sciences and humanities.

**Experts are regularly rotated** by ensuring that individual experts do not work more than 200 days activities within consecutive 4 calendar years

**Remuneration:** As an expert, you will normally receive EUR 450 for each full day worked. However for remote evaluation and ethics review, we have developed a new simplified methodology to calculate the amounts, please see details in the [contracting & payment](#) section. Your travel and subsistence costs will be refunded.

### CANADA JOINS HORIZON EUROPE PROGRAM

Canada associates to the Pillar II of Horizon Europe, which funds collaborative research projects across a wide range of domains. Canadian entities can now join and lead research consortia with some of the world's best research organisations to tackle global challenges together. They will get the opportunity to be funded directly from the programme, while Canada will contribute to its budget.

### ERC GRANTS – ELIGIBILITY OF SWISS HOST INSTITUTIONS

Three of the ERC's upcoming grant competitions to be launched in 2024 will be open to researchers based in Swiss entities.

The European Commission's decision on eligibility for ERC calls has been taken in the context of the ongoing negotiations between the EU and Switzerland on a broad package of measures, which includes Switzerland's association to Union Programmes such as Horizon Europe. The decision goes beyond what the Commission committed to in the Common Understanding and is a clear sign of a goodwill in the negotiation process.

These transitional arrangements will allow for Swiss legal entities to be treated as being “entities established in Associated Countries” for the Starting Grant, Consolidator Grant and Synergy Grant calls for proposals in the forthcoming ERC work programme 2025.

As previously announced, the transitional arrangements apply to the Advanced Grant call under the ERC work programme 2024, which is currently open for the submission of proposals (deadline 29 August 2024). However, grant agreements for all of the above calls may only be signed with successful applicants if the association agreement with Switzerland applies at that time.

## **INTERREG CENTRAL EUROPE: ELŐZETES A HARMADIK FELHÍVÁSRÓL**

A program következő pályázati felhívása 2024. október 15. és december 10. között lesz nyitva. Ezúttal kifejezetten a leszakadó, nehézségekkel küzdő térségek problémáira fókuszáló, kisebb projektek előkészítésére nyílik majd lehetőség.

Az első két pályázati felhívás keretében jóváhagyott 100 Interreg CENTRAL EUROPE projekt tematikus elemzésével a programtitkárság azonosította azokat a specifikus célokat, amely hozzájárulhatnak a leszakadó régiók problémáinak kezeléséhez, és amelyekben további projektek leginkább hozzá tudnak járulni a program-célok eléréséhez:

- 1.2 Készségek fejlesztése a közép-európai intelligens szakosodáshoz, az ipari átalakuláshoz és a vállalkozói tevékenységhez
- 2.5 városi mobilitás zöldebbé tétele Közép-Európában
- 3.1 A vidéki és periférikus régiók közlekedési kapcsolatainak javítása Közép-Európában
- 4.1 Az integrált területi fejlődés irányításának megerősítése Közép-Európában

A tematikus fókusz mellett a felhívás abban is különleges lesz, hogy gyorsabban végrehajtható, kisebb volumenű projektek fejlesztésére ad lehetőséget:

- 12-24 hónap projekt-időtartam;
- legalább 3 partner, különböző országokból;
- legfeljebb 800 ezer euró költségvetés (640 ezer euró támogatás);

A tervezett felhívásról bővebben: <https://www.interreg-central.eu/third-call-preview/>

## **EXTRA €125 MILLION FOR THE ERC IN 2024**

The European Commission has allocated an additional 125 million euro to the ERC’s 2024 budget. The extra money comes from the association of the United Kingdom to Horizon Europe and allows to fund another 48 Advanced Grants this year.
