## **BIODIVERSA+- BIODIVERSITY AND TRANSFORMATIVE CHANGE**

BiodivTransform will aim for **interdisciplinary, transdisciplinary, and/or cross-sectoral research and innovation projects to identify, analyse, and comprehend transformation processes that may halt and reverse biodiversity decline.**

It should **generate knowledge to safeguard biodiversity and ecosystems, as well as the benefits these may provide to people, through transformative change to mitigate and reverse biodiversity threats.**

Projects will be expected

- to demonstrate **academic excellence** with potential for **societal and policy impact** regarding biodiversity, aiming to connect science, society, policy, and practices for transformative change.
- to have a holistic approach and to be transnational, inter- and transdisciplinary and mobilise as needed natural sciences, technical sciences, social sciences, humanities, and art.

For both steps, the **international added value** must be clearly presented.

The detailed assessment criteria to be used for this call will be published at the official launch of the call in September.

**Indicative timeline:**

- 10. September 2024- call will be launched
- early November 2024- deadline of the pre-proposal
- early April 2025- deadline of the full proposal

## **WATER4ALL**

The general theme of the call is “Water for Circular Economy”.

Research & innovation proposals submitted under the Water4All 2024 Joint Transnational Call are required to address at least one of the following themes:

- **Topic 1:** Enhancement of water circularity in industries.
- **Topic 2:** Urban water circularity.
- **Topic 3:** Resource recovery and valorization.
- **Topic 4:** Economic, environmental and social implications of water reuse and recovered products

Planned duration of the project: max 36 months

Indicative timeline:

- **Call publication:** 12 September 2024
- **submission deadline of preproposals:** 13 November 2024, 15:00 CET
- **Selection of preproposals:** End of February 2025
- **submission deadline of full proposals:** 29 April 2025, 15:00 CEST
- **Selection of funded proposals:** early October 2025
- **Projects start:** end 2025 / beginning 2026

## **DRIVING URBAN TRANSITIONS - DUT Call 2024**

The purpose of this Call for proposals is to support transnational research and/or innovation projects addressing urban challenges to help cities in their transition towards a more sustainable economy and functioning. The challenges are grouped into three themes called ‘Transition Pathways’: Circular Urban Economies, 15-minute City and Positive Energy Districts.

This is the third Call of the Driving Urban Transitions (DUT) Partnership, funded by the European Commission under the Horizon Europe Partnership scheme.

This Call is open to a very wide range of scientific disciplines, in social sciences and humanities and arts, in environmental, natural and technical sciences and applied fields, such as architecture, landscape architecture, urban design, design, art, spatial planning and policy development.

Each proposal must be submitted by a consortium consisting of at least three eligible Applicants from at least three different participating countries.

**DUT Call 2024 opens 2 September 2024.**

**Stage 1 closing (Fre-Proposal submission deadline): 14 November 2024**

Further information: <https://dutpartnership.eu/dut-call-2024/>

## **MSCA DOCTORAL NETWORKS**

The objective of Doctoral Networks is to implement doctoral programmes by partnerships of organisations from different sectors across Europe and beyond to train highly skilled doctoral candidates, stimulate their creativity, enhance their innovation capacities and boost their employability in the long-term.

Doctoral Networks implement doctoral programmes, by partnerships of universities, research institutions and infrastructures, businesses including SMEs, and other socio-economic actors from different countries across Europe and beyond. These doctoral programmes will respond to well-identified needs in various research and innovation areas, expose the researchers to the academic and non-academic sectors, and offer research training, as well as transferable skills and competences relevant for innovation and long-term employability.

Besides standard Doctoral Networks, incentives have been introduced to promote two specific types of doctorates as well.

1. Industrial Doctorates. They train PhD candidates who wish develop their skills and step outside academia, in particular in industry and business. Individual participants must be enrolled in a doctoral programme and jointly supervised by the academic and non-academic partners.
2. Joint Doctorates. They provide a highly integrated type of international, inter-sectoral and interdisciplinary collaboration in doctoral training leading to a joint doctoral degree or multiple doctoral degrees awarded by the participating institutions. PhD candidates must be enrolled in a joint programme and be jointly supervised.

Doctoral Networks are open to international consortia of universities, research institutions, businesses, SMEs and other non-academic organisations. They should include

- at least three independent legal entities, each established in a different EU Member State or Horizon Europe Associated Country and with at least one of them established in an EU Member State
- on top of this minimum, other organisations from any country in the world can also join
- specific conditions apply to Industrial and Joint Doctorates

As from 2022, resubmission restrictions will apply for applications that received a score below 80% the previous year.

Candidates wishing to apply for PhD positions under Doctoral Networks should apply to funded Doctoral Network projects by consulting their open vacancies advertised internationally, including on the EURAXESS portal.

The 2024 call is now open. **The call will close on 27 November 2024.**

## **WISEGRAD GRANTS -WISEGRAD GRANT, WISEGRAD GRANT+, STRATEGIC GRANT**

Visegrad Fund annually allocates approximately EUR 10 million to hundreds of Visegrad cooperation projects and mobility programs across Central and Eastern Europe.

The project should be implemented in a consortium

**Visegrad grant-** The international consortium should be composed from at least 3 V4 countries OR Bilateral cross-border cooperation of at least 2 organizations from 2 neighboring V4 countries also qualify for support with projects taking place within a 40-km radius from the border and focusing on a local issue

**Visegrad grant+-** active involvement of at least 3 V4 countries and 1 entity from the Eastern Partnership region (EaP) or the Western Balkans countries (WB) at minimum (3xV4 + 1xEaP/WB format). However, if the applicant is from one of the EaP or WB countries, it is enough to involve two V4 countries in the project consortium, if another EaP/WB country is also involved (2xV4 + 2xEaP/WB format).

**Strategic grant-** Projects must be developed by organizations from all V4 countries

deadlines: every year – 1 Feb / 1 Jun / 1 Oct

## COST- EUROPEAN COOPERATION IN SCIENCE & TECHNOLOGY

COST funds interdisciplinary research networks.

The funding a COST Action receives covers the expenses of networking activities rather than research. As such is used to organise and fund events, Short-term Scientific Missions, Training Schools, communication activities, and virtual networking tools. An estimated **€125,000** is made available for a COST Action **in its first year** and an average of **€150,000 per year for the other 3 years**.

Deadline: **23. October 2024**.

Participation in COST Actions has led to significant results and follow-up in terms of the number of proposals submitted for collaborative research in Framework Programmes, with a success rate which more than triple the average success rates for these programmes (**37% success rate**). By funding networking, COST acts as a pre-portal for further research and innovation funding such as Horizon Europe, the European Union's Framework Programme for Research and Innovation.

You can join ongoing COST Action as well.

## LIFE PROGRAM

The LIFE Calls for proposals 2024 have been published on the [Funding & tender opportunities portal](#) on 18 April 2024.

Subprograms:

The **Nature and Biodiversity** sub-programme will aim at the protection and restoration of Europe's nature and halting and reversing biodiversity loss. Thus, the LIFE Nature and Biodiversity sub-programme will continue to fund nature conservation projects, in particular in the areas of biodiversity, habitats and species. It will support projects that contribute to the implementation of the EU [Birds](#) and [Habitats](#) directives, and in particular the development and management of the [Natura 2000 network](#), and the [IAS Regulation](#), and will support achieving the objectives of the [EU's biodiversity strategy for 2030](#), part of the [EU Green Deal](#).

The **Circular economy and quality of life** sub-programme aims at facilitating the transition toward a sustainable, circular, toxic-free, energy-efficient and climate-resilient economy and at protecting, restoring and improving the quality of the environment, either through direct interventions or by supporting the integration of those objectives in other policies.

The **Climate Change Mitigation and Adaptation** sub-programme will contribute to the shift towards a sustainable, energy-efficient, renewable energy-based, climate-neutral and resilient economy, thereby contributing to sustainable development.

Building on the success of the Intelligent Energy Europe (2003-2013) and Horizon 2020 Energy Efficiency (2014-2020) programmes, the LIFE Clean Energy Transition sub-programme continues to support the delivery of EU policies in the field of sustainable energy, in particular, the European Green Deal, the Energy Union (2030 energy and climate targets) and the European Union's 2050 long-term decarbonisation strategy.

## FELLOWSHIPS/SCHOLARSHIPS

### LEAKY FOUNDATION

The disciplines supported include archaeology, biological anthropology, paleoanthropology, primate behavioral ecology, genetics, geology, anatomy, morphology, paleobotany, and paleoclimatology.

Our current funding focus areas include:

- Paleoanthropology of the Miocene, Pliocene, and Pleistocene
- Primates: Evolution, behavior, morphology, ecology, endocrinology, genetics, isotope studies
- Modern hunter-gatherer groups

When to apply?

- January 10 for spring cycle
- July 15 for fall cycle

## Amounts

- Up to \$20,000 for PhD candidates
- Up to \$30,000 for post-PhD researchers

## Who can apply

- Your research must be relevant to human origins and evolution.
- Applications are open to advanced doctoral students or post-PhD researchers.
- PhD students must be advanced to candidacy (all but dissertation).
- There are no citizenship requirements. Applications are open to candidates from anywhere in the world.
- Applicants must be affiliated with an institution such as a university or museum. We do not give directly to individuals.
- Resubmittals are welcome and encouraged.
- If you have received a Leakey Foundation grant in the past, you must complete all reporting requirements before receiving a new one.

## Eligible expenses

- The grant can only be used for expenses directly related to your research and essential to the project such as travel, living expenses during fieldwork, supplies, and research expenses.
- Aid is not offered for salary and/or fringe benefits of applicant or senior project personnel, child care, equipment, travel to meetings, institutional overhead, publication costs, or institutional support.

## MOPGA FELLOWSHIP FOR EARLY CAREER RESEARCHERS

This eighth Make Our Planet Great Again (MOPGA) call for applications is intended to welcome at least **60 early career researchers wishing to carry out their research in France**. The program is funded by the French Ministry for Europe and Foreign Affairs, in collaboration with the French Ministry for Higher Education and Research, and implemented by Campus France.

The MOPGA 2025 Visiting Fellowship Program for Early Career Researchers will support researchers working on topics:

- Earth systems
- Climate change and sustainability
- Energy transition
- Societal challenges of environmental issues
- Human, animal and ecosystem health as part as a "One Health" approach.

## WHO MAY APPLY?

- **Foreign researchers** holding a doctoral degree for less than 5 years
- No nationality restrictions (except France)
- **60 fellowships** will be awarded for a **12-month period** from September 2025

The grant:

- **Monthly allowance of 2,500 euros**
- Moving allowance of 500 euros
- Health Insurance plan covering civil liability and repatriation assistance until the MOPGA Fellow's registration to the French Social Security Scheme
- Complementary Health Insurance plan covering civil liability and repatriation assistance once the Social Security registration process is effective.

#### ELIGIBILITY

Individuals fitting the following criteria are eligible to apply:

- Applicants who do NOT hold French citizenship
- Foreign researchers holding a doctoral degree for less than 5 years (must have passed their thesis defense between December 2019 and December 2024)
- Foreign researchers who have not resided in France between Sept. 5th, 2024 and Dec. 5th, 2024 (more than 90 days)

#### TIMELINE

- **September 5th 2024:** Application period opens
- **December 5th 2024: Application period ends**
- **May 2025 :** Notification of the results
- **Between September 2025 and December 2025** (at the latest): Arrival in France and start of the fellowship

## ZONTA INTERNATIONAL AMELIA EARHART FELLOWSHIPS

Zonta International encourages and supports women to expand their horizons by pursuing degrees and careers in aerospace engineering and space sciences. In the program's 86-year history, Zonta has awarded 1,764 Amelia Earhart Fellowships, totaling more than US\$11.9 million, to 1,335 Fellows from 79 countries. It is anticipated that up to 30 Fellowships of US\$10,000 each will be awarded in 2025.

#### ELIGIBILITY

Women of any nationality pursuing a Ph.D./doctoral degree who demonstrate a superior academic record and who are conducting research applied to aerospace engineering or space sciences are eligible. It is imperative that students be registered in a full-time Ph.D./doctoral program and have completed at least one year of that program or have received a master's degree in an aerospace-applied field at the time the application is submitted. Applicants must not graduate from their Ph.D. or doctoral program before April 2026. Please note that post-doctoral research programs are not eligible for the Fellowship.

To apply for the Amelia Earhart Fellowship, visit [zonta.org/AEFellowship](https://zonta.org/AEFellowship)

Note that three (3) recommendations from university professors (or supervisors), copies of official transcripts, and verification of enrollment for the 2025 Amelia Earhart Fellowships **must be submitted by 15 November 2024** to be considered.

## BAYHOST

For the the academic year 2025/26, the Free State of Bavaria will once again be awarding one-year scholarships to graduates (with appropriate citizenship) from Bulgaria, Croatia, Czechia, Hungary, Poland, Romania, Russia, Serbia, Slovakia and Ukraine. The scholarship is intended to finance **postgraduate studies** (i.e. Master's programs), **PhDs or one-year research stays at a state or state-funded higher education institution in Bavaria**. The one-year scholarship can generally be extended twice for up to 3 years. The scholarship is paid out monthly €934 and amounts to €11.208 per year. Students with at least one child receive €1.094per month, which amounts to €13.128 per year.

The one-year scholarship program promotes academic exchange and scientific cooperation between Bavaria and Central, Eastern and Southeastern Europe.

**First time application deadline: 1 December 2024.**

## PRIZES

### 2024 IUPAC-Zhejiang NHU International Award for Advancements in Green Chemistry – Call for Nominations

IUPAC-Zhejiang NHU International Award has been established to emphasize the importance of advancements in Green Chemistry and the value of sciences to human progress, and to encourage young and experienced chemists. The award covers all the topics of Green Chemistry, such as Green and Renewable Feedstocks, Green Synthetic Routes, Green Solvents, Green Catalysis, Green products, Green Energy, and as broadly defined by OECD as Sustainable Chemistry.

**Three prizes to be awarded to three early career chemists**, 2,000 US\$ each, who have received their Ph.D. (or equivalent) degree, or completed all Ph.D. requirements including successful defense of their doctoral thesis within the last 3 years (2022-2024).

**One prize will be awarded to an experienced chemist** (10,000 US\$) who should have made significant contribution to green/sustainable chemistry throughout their career.

Deadline: 31.October 2024.

### 2025 Distinguished Women in Chemistry/Chemical Engineering Award – Call for Nominations

The purpose of the awards program is to acknowledge and promote the work of women in chemistry/chemical engineering worldwide.

Awardees will be selected based on excellence in basic or applied research, distinguished accomplishments in teaching or education, or demonstrated leadership or managerial excellence in the chemical sciences. The Awards Committee is particularly interested in nominees with a history of leadership and/or community service during their careers.

#### Nomination

Each nomination requires a primary nominator and two secondary nominators who must each write a letter of recommendation in support of the nomination. A CV of the nominee is required. Self-nominations will not be accepted. Nominations should be received by **1 November 2024**

## PROFFORMANCE Nemzetközi Felsőoktatási Oktatói Díj 2024/25

A PROFFORMANCE Oktatói Díj többet nyújt egy elismerésnél. Célja megjelenést biztosítani azoknak az elhivatott oktatóknak, akik kiváló oktatói teljesítményükkel másokat is inspirálhatnak. A kezdeményezés célja elismerni az Európai Felsőoktatási Térség kimagasló oktatói jógyakorlatait.

A felhívás elérhető a PROFFORMANCE+ konzorciumi partnerországok (Ausztria, Csehország, Horvátország, Georgia, Magyarország és Szerbia) államilag elismert felsőoktatási intézményeinek oktatói számára.

A pályázók az alábbi kategóriákban nevezhetnek jógyakorlataikkal:

1. **Hallgatóközpontú kurzusfejlesztés (Student-centered course design)**
2. **Innovatív oktatási és tanulási módszerek (Innovative teaching and learning)**
3. **Hallgatói értékelő rendszerek (Students' learning assessment)**
4. **Társadalmi kihívásokra választ adó tevékenységek (Impact and mission with and for society)**

Fenti kategóriák mellett a jógyakorlatoknak foglalkoznia kell legalább az egyik prioritással a digitalizáció, nemzetköziesítés, inklúzió és sokszínűség, valamint a fenntarthatóság területei közül.

A pályázatokat független nemzetközi szakértőiből álló csapat fogja bírálni. A nyertes jógyakorlatok az elismerés mellé széleskörű láthatóságot is nyernek: a PROFFORMANCE projekt felületein (hírlevél, weboldal, LinkedIn), valamint a PROFFORMANCE+ zárórendezvényen is bemutatkozhatnak 2025-ben.

## NEWS

### Work Programme 2025 adopted for both the Justice and CERV programmes

The CERV programme is the biggest EU fund ever available for promoting and protecting EU rights and values. Together with the Justice programme, it contributes to build a Union of Justice, Rights and Values.

On 18 July, the Commission adopted the Work Programme (WP) 2025 of the [Justice](#) and [CERV](#) programmes.

For both programmes, the WP 2025 has been added to the previously adopted WP 2023-2024 to better align the planned budget for those two years to the current implementation needs.

For CERV, a new action has been added in the WP for the year 2024: the EU financial contribution to the Istanbul Convention (to which the EU accessed on 1 October 2023 and ratified through Decisions (EU) 2023/1075 and 2023/1076).

## **USEFUL TIPS FOR WRITING SUCCESSFUL ERC STARTING GRANT**

Since 2020, the [Young Academy of Europe \(YAE\)](#) has launched a series of ERC StG mentoring events, with the aim to support other researchers in successfully applying to this grant scheme – especially from countries and institutions where mentoring is not available.

You can find useful tips and resources for early- and mid-career researchers applying for a European Research Council’s Starting Grant, from the researchers at the Young Academy of Europe on the following link:

<https://network.febs.org/posts/an-erc-s-starting-grant-the-young-academy-of-europe-can-help>

## **VIDEO OF ERC STG MENTORING EVENT ARE AVAILABLE**

The videos of the ERC StG Mentoring Event of the Young Academy of Europe (YAE) and the Academia Europaea Budapest Knowledge Hub are now published on [the YouTube Channel](#) of the YAE. (The video of the plenary part is available [here](#), while those of the domain-specific breakout sessions are available on these links: [Life Sciences](#), [Physical Sciences and Engineering and Social Sciences and Humanities](#).)

## **EIT LAUNCHES NETWORKING PLATFORM FOR EIT WATER**

The European Institute of Innovation and Technology (EIT) has launched a networking platform for its upcoming new Knowledge and Innovation Community (KIC) in the water, marine and maritime sectors and ecosystems. EIT Water, will connect top partners from research, business, and education to join the EIT Community and build a pan-European partnership that addresses the most pressing challenges facing water-related innovation ecosystems. The Call for Proposals for the new KIC will be published in 2025 and the designated EIT KIC will be launched in 2026. While the Call for Proposals for the new KIC is yet to be launched, interested organisations are invited to connect on the [designated networking platform](#). Active until the Call’s closure, the networking platform allows interested applicants to connect with potential partners and schedule meetings.

The EIT points out that the networking platform has been set up for interested applicants to use independently. The EIT does not facilitate any interactions or meetings on the networking platform. To provide interested organisations with more information about the EIT’s upcoming Call for Proposals, the EIT is also hosting a series of online info seminars in autumn 2024.

## **BOOST FOR INDIAN-EU RESEARCHER PARTNERSHIPS UNDER NEW CO-FUNDING SCHEME WITHIN MSCA STAFF EXCHANGES**

The new scheme will top up selected MSCA Staff Exchanges projects, enabling Indian entities to carry out joint research projects with European and international partners and second their staff in Europe.

The European Commission, the Delegation of the European Union to India and the Indian Council of Scientific and Industrial Research (CSIR) have started a new co-funding initiative for the Marie Skłodowska-Curie Actions (MSCA) Staff Exchanges, part of the EU's research and innovation programme Horizon Europe.

Funding will cover the period from 2025 to 2027. It will be open to any CSIR entity applying to Staff Exchanges calls with an international consortium.

To be eligible for the co-funding, projects should comply with Staff Exchange's eligibility criteria and include at least one CSIR entity and staff member.

## **INTERREG CENTRAL EUROPE: ELŐZETES A HARMADIK FELHÍVÁSRÓL**

A program következő pályázati felhívása 2024. október 15. és december 10. között lesz nyitva. Ezúttal kifejezetten a leszakadó, nehézségekkel küzdő térségek problémáira fókuszáló, kisebb projektek előkészítésére nyílik majd lehetőség.

Az első két pályázati felhívás keretében jóváhagyott 100 Interreg CENTRAL EUROPE projekt tematikus elemzésével a programtitkárság azonosította azokat a specifikus célokat, amely hozzájárulhatnak a leszakadó régiók problémáinak kezeléséhez, és amelyekben további projektek leginkább hozzá tudnak járulni a program-célok eléréséhez:

- 1.2 Készségek fejlesztése a közép-európai intelligens szakosodáshoz, az ipari átalakuláshoz és a vállalkozói tevékenységhez
- 2.5 városi mobilitás zöldebbé tétele Közép-Európában
- 3.1 A vidéki és periférikus régiók közlekedési kapcsolatainak javítása Közép-Európában
- 4.1 Az integrált területi fejlődés irányításának megerősítése Közép-Európában

A tematikus fókusz mellett a felhívás abban is különleges lesz, hogy gyorsabban végrehajtható, kisebb volumenű projektek fejlesztésére ad lehetőséget:

- 12-24 hónap projekt-időtartam;
- legalább 3 partner, különböző országokból;
- legfeljebb 800 ezer euró költségvetés (640 ezer euró támogatás);
